

Five Reasons To Write Your Book

(Even when people say: “*Nobody Wants To Read A Book About You.*”)

1. Document a lesson you have learned.
2. Articulate an experience.
3. Offer wisdom, track progress, and record processes.
4. As a leader, guide others through pivotal decisions.
5. Position yourself as an expert and a thought leader.

*“Pick up your pen
and let your heart speak.”*
